

ULTI

The Ultimate Switch

A beautiful face that endears and endures

With its ultra-clean lines, sleekly chic square profile and instantly identifiable round dolly, ULTI blends two contrasting geometries to create modern simplicity of unprecedented freshness.

The design overcomes the clutter of a large central mechanism or the redundant lines of a surround frame. It results in maximum scope to showcase the synergy of color, material and finish in a standard-sized wall plate.

Adding the final touch, ring-shaped LED locators glow pleasingly to guide you to your switches at night.

The art of impression

ULTI is for those who seek the haute couture in space design. Marrying the highest aesthetics in cosmopolitan décor and superb functionality in the art of fine lighting, the award-winning ULTI range delights your vision with pure pleasure, and lights up your senses with splendour... bringing you to another level of inspired living.

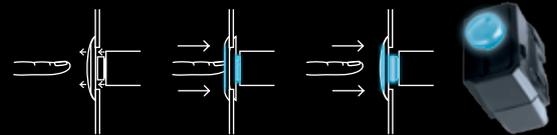

Features and benefits

- Award winning design
- Clear square profile for a modern & chic appearance
- Instantly identifiable round dolly
- Soft radiant blue backlight for switches
- Hotel & Home Automation solutions available in the same finishes
- Maximized space of the face plate
- Ionized metal grid gives strength and stability
- Mechanical switch with touch and feel of electronic switch with patented impress mechanism

iso-motion-press mechanism

ULTI's unique iso-motion-press (i.m.press) mechanism ensures switches stay in a uniform position and can be swiftly and surely operated with a simple motion. With dollies maintaining the same position whether on or off, i.m.press empowers the world's first ever fully flush-faced 250V-rated mechanical switch.

A wealth of creative possibilities

See your imagination come to life with our crystal glass, champagne gold, brushed silver and pearl white finishes.
